

Sponsored by

14th International Congress on Machining

www.utis.tc

30 OCTOBER - 5 NOVEMBER 2022
Julia Premier Palace Hotel Menem, Antalya - TURKEY

Sustainable Machining
Modelling of Machining Operations
Mechanics, Dynamics and Stability of Machining
Optimization in Machining Operations
AI, Data-Driven and Digital Twin Applications in Machining
VR / AR Applications in Machining Processes
Advanced CAM Applications
Micro and Nano Machining
Machinability of Materials
Surface Integrity
Cutting Tool Technologies
Abrasive Processes
Machine / Tool Design
Nonconventional and Hybrid Machining Processes
